**Work Session Meeting:**

Presentation of the 2019-2020 School Year Budget.

Mrs. McDowell commented that it is very unfortunate in our State's inability to properly finance its districts, but no matter the challenges we will continue to focus on our commitment to educating our students, our programming and our fiscal responsibility that will continue to provide the quality of the education in our district.

Mr. Tart commented that it's unfortunate, and we will work very hard and continue to keep the quality of the education we provide, as we have done for many years.

Mr. Denning, commented that we are a poor district and people struggle when taxes are raised, and we as a board are needed to be cognizant of managing our fiscal responsibilities of the district, our tax base, as well as the impact on our community and students. These cuts are very unfortunate, but they do give us a unique opportunity to reset and analyze where we can save or reorganize for efficiencies. As the years go on, the cuts to the budget will be more severe and impactful, and we are doing the best we can with the resources we are given. If anyone would like to chip in and write grants or have ideas to help we are open to ideas.

Mrs. Zuzic, commented that we have a great family unit in this educational system, and because of that we will get through this.
